

AmSan rated as John Deere “Partner Supplier”

For the sixth year in a row, AmSan has achieved “Partner” status as a supplier to the John Deere enterprise in North America. “Achieving Excellence” is the supplier rating system that John Deere uses to rate their suppliers in the key areas of: Quality, Delivery, Technical Support, Wavelength (communication), and Cost management. “Partner is the highest level of achievement. We are proud to be an important supplier to John Deere, and we congratulate all of the AmSan employees who are involved in providing this World Class service to our major customers.
